

**2016 SCACM AUDIO CONFERENCE SERIES**  
**We Bring the Experts to Your Laboratory!**

You can participate by using your telephone or obtaining a CD recording. Either way, SCACM brings the experts to your laboratory. Each SCACM Audio Conference is presented twice, once at 11:00am and again at 1:00pm Central (Chicago) Time. The call will last between 60 and 75 minutes and will include a live Question and Answer session with the expert. Details for each call will be sent by email at least one week before each Audio Conference. The telephone number used to connect to the bridge is a toll call, so you will have long-distance charges. Each site will download the conference files from our web site. It is easy! Just save the files to your PC. We record each Audio Conference and will transfer it to a CD, playable on a computer using Internet Explorer and the CD includes the handout and other files. SCACM does NOT permit the recording of the Audio Conferences by the sites! The CD is typically sent out about three weeks after the call date by first class mail. If you order the CD at the same time you order the live call or if you decide after the call to order the CD of that call, you pay only \$20 additional for the CD. And, by purchasing the CD, more staff can learn and earn CEU credits. By participating in the call or by listening to the CD, staff can earn CEU credits for up to six months after the presentation.

This year we are presenting 12 Audio Conferences. March is being offered as buy-one-get-March free, and the November 15 Audio Conference CD will be offered **free of charge** to anyone who registers for it! The March program is being sponsored by Biofire. The November 15 CD is being sponsored by the Kentucky State Department of Health.

SCACM is approved as a provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E. ® Program.
