

WORKSHOP OPPORTUNITY FOR EXHIBITORS

The SCACM Board of Directors is pleased to announce 6 half-day workshops have been reserved for Exhibitors on Thursday, March 22, 2011 at Marriott East in Indianapolis, IN. This decision was supported by the Board in response to the exhibitor's request to offer educational opportunities to the members of SCACM and the success of exhibitor workshops the past three years. This year the SCACM sponsored workshops will be held on Wednesday, March 21st so they will not conflict with the exhibitor workshops. Having the workshops on two different days will provide additional continuing education opportunities for our membership.
